MANUAL OF INSTRUCTION**

ROADWAY DRAINAGE

JANUARY 2004

[US Customary Edition]

STATE OF UTAH

Governor Olene S. Walker

Lieutenant Governor Gayle F. McKeachnie

UTAH DEPARTMENT OF TRANSPORTATION

Director John Njord
Deputy Director Carlos Braceras

This Manual Was Adapted from
AASHTO 2003 Model Drainage Manual
American Association Of State
Highway And Transportation Officials

EXECUTIVE COMMITTEE
2002-2003

Voting Members

OFFICERS:

PRESIDENT: James Codell, Kentucky
VICE PRESIDENT: Joe Perkins, Alaska
SECRETARY-TREASURER: Larry King, Pennsylvania

REGIONAL REPRESENTATIVES:

REGION I: Carol Murray, New Hampshire, One-Year Term
Brian Searles, Vermont, Two-Year Term

REGION II: Fred Van Kirk, West Virginia, One-Year Term
Whitting Clement, Virginia, Two-Year Term

REGION III: Henry Hungerbeeler, Missouri, One-Year Term
Mark Wandro, Iowa, Two-Year Term

REGION IV: Tom Stephens, Nevada, One-Year Term
Sleeter Dover, Wyoming, Two-Year Term

Non-Voting Members

IMMEDIATE PAST PRESIDENT:
EXECUTIVE DIRECTOR: John Horsley, Washington, D.C.

444 North Capitol Street, N.W., Suite 249

2004 UDOT DRAINAGE MANUAL ACKNOWLEDGMENTS

UDOT Central Hydraulics wishes to thank all those that participated in adapting and improving the AASHTO Model Drainage Manual (MDM), to the UDOT Drainage Manual (UDM). Many hours have been spent reviewing the contents of the MDM, changing its contents to adapt it to our particular region. In particular, the efforts of the following individual should be recognized for their direct involvement in this project: Michael Fazio - Central Hydraulics Manager, Denis Stuhff - UDOT Hydraulic Engineer, Tim Ularich - Central Hydraulics Design Engineer, Paul Egbert - Region 1 Hydraulic Engineer, Robb Wight - Region 2, Engineer Design Manager, Kevin VanFrank - Region 2 Hydraulic Engineer, Jerry Chaney - Environmental Engineer, Terry Johnson - Landscape Architect, John Gunderson - Region 1 Maintenance, Lance Houser - HDR Inc.

ACKNOWLEDGMENTS 2003 EDITION

The Task Force on Hydrology and Hydraulics gratefully acknowledges the contributions made by the many persons and agencies involved in the preparation of the SI and US Customary Editions of the Model Drainage Manual. The 2003 Model Drainage Manual project was funded by NCHRP Project 15-23 that was directed by NCHRP program manager, Tim Hess. The Principal Investigator for the NCHRP contract was Mr. Ken Shearin of Roy Jorgensen Associates, Inc. (RJA). Mr. Don Potter, former member of the Task Force, assisted him by checking and updating all the numerical examples and performing all SI to US customary conversions. This 2003 Microsoft Word electronic edition of the Manual was prepared by a joint effort of the contractor and the Task Force. The Task Force wishes to give special thanks to the RJA reviewers, Mr. Don Potter, Mr. Dave Halvorson and Mr. Peter Smith for their substantial recommendations for improving and enhancing the 2003 Model Drainage Manual; to Mr. Ken Shearin for his efficient management of the project; to Ms. Noreen Arvin for her accurate and fast production of the final documents; and to Ms. Dareya Cohen for the professionally enhanced graphics. The Task Force also wishes to give special thanks to the FHWA reviewers: Mr. Joe Krolak for Chapter 7, Dr. Mark Browning for Chapter 8, Dr. Larry Arneson for Chapter 10, Mr. Sterling Jones for Chapter 13, Mr. Bart Bergendahl for Chapter 17 and Mr. Dan Ghery (former Task Force member) for chairing Chapter 14. The Task wishes to give special thanks to the SCDOT for funding the rewriting of Chapter 18 by Dr. Billy Edge and Dr. Lyle Zevenbergen of Ayres Associates.

ACKNOWLEDGMENTS 1999 EDITION

The 1999 Model Drainage Manual metrication project was funded by NCHRP Project 20-40, Conversion of AASHTO Publications and Software to Metric Units, which was directed by NCHRP program manager, Dr. Ed Harrigan. The Principal Investigator for the NCHRP contract was Mr. Byron Blaschke of the Texas Transportation Institute (TTI). The MDM part of the NCHRP 20-40 was awarded to Dr. Thomas N. Debo of Debo and Associates, Inc., of Atlanta, Georgia. Similar to the 1991 edition, this 1999 metric, electronic edition of the Manual was prepared by a joint effort of the contractors and the Task Force. The Task Force wishes to give special thanks to Dr. Ed Harrigan, Mr. Byron Blaschke and Dr. Thomas Debo for their assistance in developing, reviewing and finalizing the 1999 Model Drainage Manual.

ACKNOWLEDGMENTS

1991 EDITION

The 1991 Model Drainage Manual project was funded by the Federal Highway Administration (FHWA) through the Rural Technology Assistance Program (RTAP) of the National Highway Institute. The contract managers for the RTAP contract were Mr. Stanley Davis (FHWA, retired) and Philip L. Thompson, FHWA. The Co-Principal Investigators for the RTAP contract were Dr. Thomas N. Debo and Dr. Terry W. Sturm of the Georgia Institute of Technology. The Task Force wishes to give special thanks to Dr. Debo whose excellence, persistence and dedication substantially contributed to the completion of this Model Drainage Manual. The manual was prepared by a joint effort of the contractors and the Task Force. The contractor prepared the first draft of each chapter, except Chapter 15. A second draft was then prepared for Task Force review by the team members listed on pages iv and v. In some cases, the team completely prepared a new draft chapter (Bridges, Culverts, Energy Dissipators, Storage and Environment). When the Task Force had completed the manual, it was reviewed by the Subcommittee. A third draft was prepared by the contractor and the Task Force which was used for Subcommittee ballot. The final draft was then prepared by the contractor.

MANUAL TABLE OF CONTENTS

<u>Chapter Number</u>	<u>Title</u>
1	Introduction
2	Legal Aspects
3	Policy
4	Documentation
5	Planning And Location
6	Data Collection
7	Hydrology
8	Channels
9	Culverts
10	Bridges
11	Energy Dissipators
12	Storage Facilities
13	Storm Drainage Systems
14	Pump Stations
15	Surface Water Environment
16	Erosion And Sediment Control
17	Bank Protection
18	Coastal Zone
19	Construction
20	Maintenance Of Drainage Facilities
Appendix	Glossary
